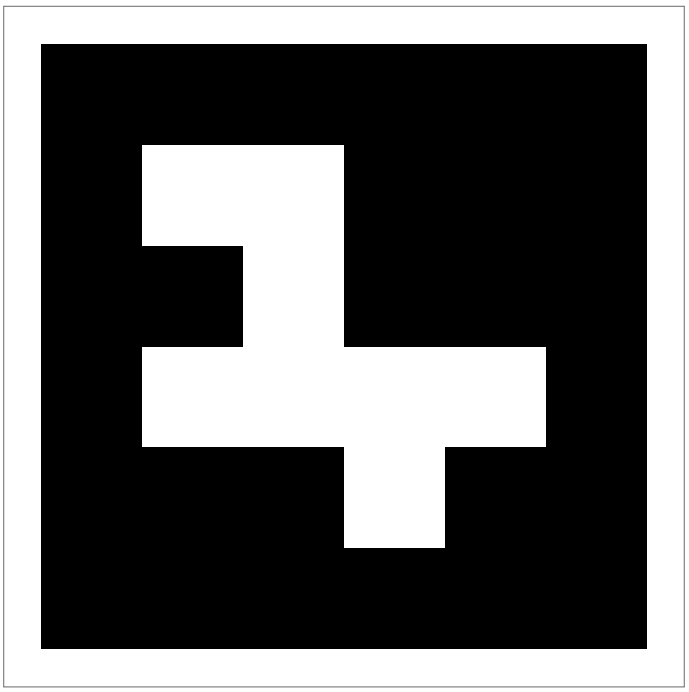
Table reference | DICT_4X4_50 | ID 7 | 80 x 80 mm

Marker +Y



+X

Origin: center of the black square. +Z points out of the printed face.

80 mm black square + 5 mm white margin = 90 mm cut square.

Keep the white margin. Tape outside the black square; avoid glare.

Use marker size 0.080 m. This is NOT the tool or cube marker.

Measure base_from_reference_tag before using it for calibration.

Printing this tag does not enable reference-tag support in the software.
